

Dopo essere entrato nel pannello di gestione Google Maps

GET STARTED

poi clicca su  in alto a destra.

Seleziona le 3 opzioni e **Continua...**

Enable Google Maps Platform

To enable APIs or set up billing, we'll guide you through a few tasks:

1. Pick product(s) below
2. Select a project
3. Set up your billing

Maps

Build customized map experiences that bring the real world to your users.

Routes

Give your users the best way to get from A to Z.

Places

Help users discover the world with rich details.

[CANCEL](#)

[CONTINUE](#)

Poi clicca su “Create a new project”:

Enable Google Maps Platform

Steps to get started

1. Pick a product
- 2. Select a project**
3. Set up your billing

Select or create project

+ Create a new project
Myapikey
My Project 61162
My Project 61162
My Projectaze

CANCEL **NEXT**

Dai un nome al tuo progetto e Clicca su **NEXT**

Crea un account di fatturazione se non ne hai ancora uno... è obbligatorio.

Enable billing for project "Myapikey"

You are not an administrator of any billing accounts. To enable billing on this project, create a new billing account or contact your billing account administrator to enable billing for you. [Learn more](#)

[CANCEL](#) [CREATE BILLING ACCOUNT](#)

L'account è automaticamente ristretto sul limite di 300\$ di prova gratuita:

Access to all Cloud Platform Products

Get everything you need to build and run your apps, websites and services, including Firebase and the Google Maps API.

\$300 credit for free

Sign up and get \$300 to spend on Google Cloud Platform over the next 12 months.

No autocharge after free trial ends

We ask you for your credit card to make sure you are not a robot. You won't be charged unless you manually upgrade to a paid account.

Una volta compilato il form di fatturazione (billing form) clicca su "**start my free trial**" e abilita la tua API key:

Enable Google Maps Platform

Enable your APIs

This will enable 17 Google Maps Platform API(s) and create an API key for your implementation.

[CANCEL](#) [NEXT](#)

Copia la tua API key e vai sulla API console per settare le **restrizioni** :

Enable Google Maps Platform

You're all set!

You're ready to start developing!

YOUR API KEY

AIzaSyA0zJUuW7e-M8Uhmjo-0[REDACTED]c

To improve your app's security, restrict this key's usage in the [API Console](#).

DONE

Clicca su **API restrictions**:

API key

AIzaSyAOzJUuW7e-M8Uhmjo-0taN0LLGUXimKgc

Name

API key

Key restrictions

Restrictions prevent unauthorized use and quota theft. [Learn more](#)

Application restrictions: **None** API restrictions: **Directions API**

[Application restrictions](#) [**API restrictions**](#)

API restrictions specify which APIs can be called with this key.

Note that the Google Static Maps and the Google Street View Image APIs do not yet enforce API restrictions. Disable the APIs if you want to prevent usage of those APIs on this key.

API restrictions

Directions API

Select API

Note: It may take up to 5 minutes for settings to take effect

Save

Cancel

Seleziona le seguenti APIs e **Salva**.

[Application restrictions](#) [**API restrictions**](#)

API restrictions specify which APIs can be called with this key.

API restrictions

Directions API

Geocoding API

Maps JavaScript API

Geolocation API

Places API

Select API

Ora devi solo copiare ed incollare la tua API key nell'editor della tua app in **Impostazioni > APIs:**
